

THE BOLDS

HOW TO BE HUMAN

When the Bolds had lots of animal visitors, they held lessons to teach them how to disguise themselves as humans.

Here are some examples of key lessons.

TABLE MANNERS
How to master knives, forks and spoons.

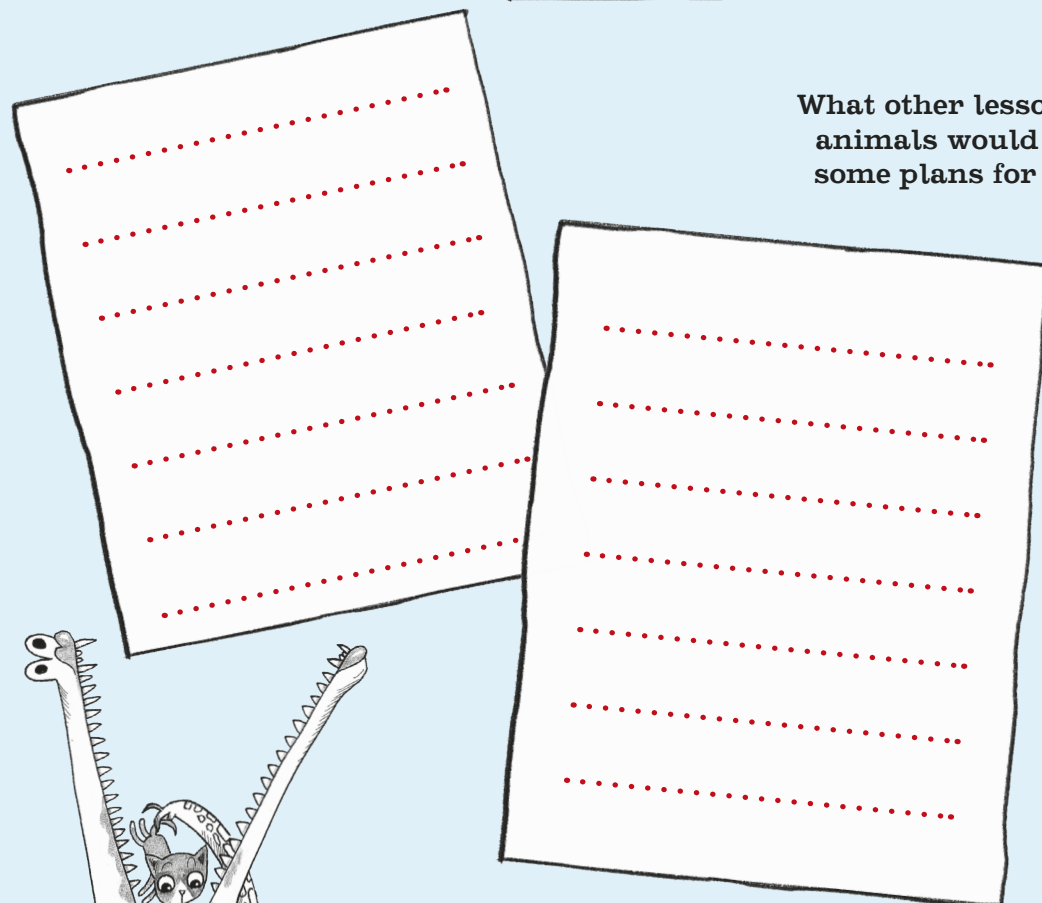

NAPKINS
These are for wiping your mouth, please note, and not to put on your head or to wipe your bottoms with!

WALKING ON HIND LEGS
All about balance. Tricky to begin with, but essential if you are to appear in public.

TOILET TRAINING
How to use the toilet facility, sit on the toilet seat, use toilet paper and 'flush' when you've finished.

DRESSING UP
How to put together an outfit that looks human, and can hide tails, ears, hairy backs, scaly skin and so on.

What other lessons do you think these animals would need to learn? Write some plans for lessons of your own.

Two sheets of paper with red dotted lines for writing. The left sheet has six lines, and the right sheet has six lines.
